Eamon (history, New Mexico State Univ.) convincingly argues that the medieval books of secrets were an integral part of popular science and evolved into the new scientific philosophy of the Read full review

Eamon, W.: Science and the Secrets of Nature: Books of ...

Yet, according to William Eamon, it is in the "how-to" books written by medieval alchemists, magicians, and artisans that modern science has its roots. These compilations of recipes on everything from parlor tricks through medical remedies to wool-dyeing fascinated medieval intellectuals because they promised access to esoteric "secrets of nature."
